

New! For 2019, the Connect Me meetings programme – the official online meetings tool that is available to help you make the most of your time at WTM 2019.

As a priority exhibitor, you can benefit from FREE additional support from the Connect Me concierge team.

They are on hand to support you with:

- Help building your personal profile.
- Creating tailored wish list of key buyers - they gain insight into your target audience and compile a personalised list of suitable meeting partners. They then send these invitations on your behalf.
- Assistance with setting up the 'Management tool' if you would like to manage multiple accounts, i.e. those of your team/sharers.
- A dedicated pending calling campaign – any meeting invites sent from your company will be followed up with a call.

This additional service is designed to provide personalised support throughout your use of Connect Me, from initial set up to onsite at WTM. It is so thorough that if you didn't wish to, you don't even have to log in.

We would encourage you to take real advantage of this service. The team start their concierge calls this week, so expect a phone call very soon!

Please don't hesitate to contact a member of the team should you have any questions.
