## Brand USA Pavilion at WTM London 2019

### New WTM London 2019:

#### Connect Me: Network and Arrange meetings with Qualified Buyers

Available September 2019

Use the new and improved networking system to search and contact pre-registered buyers and media to connect with and to help source new potential business partners. With an improved search functionality, you can find people matched to your business needs better and it has an improved diary function to assist with planning and scheduling your meetings. You may also select seminars and conferences before arriving at WTM London to sync into your outlook diary. The system will send notifications to everyone 20 minutes before each meeting reminding them of the meeting and location, meaning your onsite meetings won't be missed again. Exhibitors are entitled to a set number of Badges.

#### Invite Your Clients: Available in September

Access to WTM London on Monday is still 'by invitation only' and as an exhibitor you are able to invite the visitors you want to see on the first day of the show. This new system will give you a unique registration link that allows your clients to register and get three-day access to the show. Each exhibitor will be allowed to have 250 invite allocations and we will be able to see from your unique link who has registered and how many have been used. Your unique link can be found in your exhibitor portal under the 'Invite your Clients' tab, you just need to copy this link and send it to the people you want to invite in your own personal email. You will be able to use this link right up until the week before the show as long as you still have invites.

To access Invite Your Clients and Connect Me, login in the [WTM Exhibitor Portal](#) using the Username and Password sent to you by Reed Exhibitions.

If you have any questions, please contact Molly McFadden, [mmcfadden@b-for.com](mailto:mmcfadden@b-for.com) or +1 540 373 9935 ext 212.
